

Newsletter No. 8 September 2017

To shareholders, supporters and friends.

Hornby Swimming Pool Campaign

Thank you all once again for the enthusiastic support you have demonstrated for your pool to date.

When the community project team take over the pool we have to be ready to re-open and run it. We are not short of ideas and ambitions but we need more help in order to achieve our key objectives swiftly and effectively.

We will require more funding of course but right now we are seeking volunteers to join the team and make it all happen.

This is a Lune Valley community project and we need more input on the fund raising sub- committee, along with admin and organisation volunteers.

Once we access the pool we will have to organise renovation work parties and there will be further employment and voluntary opportunities when we open for business.

Please register with us now and join us for the final push, we certainly would be very pleased to hear from you at any time.

Kind regards.
