

Let's open the pool and get in the swim!

It's all getting very exciting but very frustrating for all of us. Despite our best efforts do not have a lease on the pool from LCC.

It's all approved and we are promised it will be processed soon but without the actual lease the pool is still not yet in Community ownership.

This is why we are unable to answer the key questions you are all asking - How do we pay the pledged money we promised, when can we get in and help with refurbishment?.

And when will it be open for public swimming?.

We are still targeting the 9th of April to reopen but that may have to slip a couple of weeks if we don't get the lease on time.

When we reopen we will initially use cash we have accrued - we are not requesting your money just yet.

Do please be assured that your pledges are absolutely vital to establishing credibility of our plans for a viable pool.

Without this money your pool cannot succeed.

Initially we planned to clean & refurbish the pool before we opened.

But because of the enforced delay we will spend a couple of days using volunteers to spring clean the foyer and changing rooms and then open for business.

Dave Collins has got this all in hand davejc@icloud.com 07772827241

Once open we can then request your pledged money and carry out the planned improvements over several weeks and relaunch the newly refurbished pool at a date to be announced when we can all celebrate this remarkable community achievement.

For further details, share pledges, sponsorship, newsletter or anything else please contact: email lunevalleycs@gmail.com or Telephone 01524 805666.
