

Pool Opening Postponed!

Sorry to report that our planned open weekend and public opening of Hornby Pool on Monday 9th cannot now go ahead.

Despite the excellent progress made to date contractors working on behalf of County Council have discovered minor leakage problems with the pool following its 'mothballed' period. Think bathroom grouting!

Your LVCS committee, conscious that it is your community money that is pledged for the pool, has not signed the takeover agreement and reluctantly decided to postpone public opening until May in order to get the pool in tip top condition before opening for business..

Thanks to your voluntary support we are not worried about cosmetic work but we cannot take any risk that the pool will not be fit for purpose when we throw the open doors.

Bit of a set- back but we are undeterred and have already recruited a pool manager and will shortly be advertising for qualified staff and community volunteers

Please see our next newsletter for more details of these appointments and opportunities

For further details, share pledges, sponsorship, newsletter or anything else please contact: email lunevalleycs@gmail.com or
